Available May to July 2027

SKILLS

Data / BI
Power BI, DAX, SQL (PostgreSQL, MySQL), star-schema modelling

Languages
Swift, PHP, JavaScript, HTML/CSS, Python (basics), C, Java (basics)

Infra / DevOps
Docker Compose, Traefik, Linux, Hyper-V, Cisco, FortiGate

AI
AI-assisted development (Claude Code)

Tools
Git, GitHub Actions, Xcode, Supabase

LANGUAGES

French: native
English: fluent (C1)
Spanish: fluent (DELE B2)
Portuguese: intermediate
Japanese, Arabic: basics

CERTIFICATIONS

Introduction to Modern AI
Responsive Web Design, freeCodeCamp (300 h)
DELE B2 Spanish
PSC first aid

INTERESTS

Surfing, volleyball
Travel and other cultures

Romain ASTIER

Computer engineering student · Data and AI

> I grew up in Kenya, Cambodia, Nicaragua and Morocco. I am looking for a **2-month internship in data or AI from May 2027**, as part of my engineering degree, and I would love to do it abroad.

EXPERIENCE

IT intern, network infrastructure and Data/BI · Aviapartner — May – June 2026 · 4 weeks
Airport ground handling · Clermont-l'Hérault, France

- Designed a 9-page **Power BI dashboard** that detects anomalies in an internal business application (PostgreSQL queries, star schema, DAX), delivered to the teams with a user guide.
- Built a small company network end to end: Cisco switch, FortiGate firewall, Hyper-V server, Docker Compose services.

Part-time staff · Université de Pau et des Pays de l'Adour — Sept. 2025 – July 2026
Anglet, France

- Event organisation, social media, library and student support.

PROJECTS

SurFIT · iOS app for surfers — personal project · 2026

- Spot map, hourly swell and tide forecasts (Open-Meteo APIs), session log with an XP system, groups with real-time chat.
- Supabase backend (PostgreSQL): row-level security, integrity constraints, performance audit that cut the main screen from 7 database requests to 2.

Swift, UIKit, MapKit, Supabase, SQL

GeoSUI · field-trip map for French high schools in Morocco — live · 2026

- Teachers submit a biology field trip, an administrator approves it, and it appears on the shared map. In use by teachers.

PHP, MySQL, Leaflet, GeoJSON

RamTek · electronics donation platform — team project · 2026

- For students and the university FabLab: catalogue, requests, interactive map, user and admin areas, containerised app.

PHP 8, Twig, MariaDB, Docker, Leaflet

BINTED · charity shop against textile waste — 1st-semester project · 2025

- Online shop with a cart, donation and help-request flows, and emails sent by the site.

PHP, MySQL, HTML/CSS, PHPMailer

EDUCATION

Master's-level engineering degree in computer science · ISA NUM (UPPA), France — 2025 – 2030
5-year programme, currently in year 2. Work-study engineering cycle from September 2027, planned major: data engineering and AI.

French baccalaureate, with honours (mention bien) — 2025
Lycée français international Louis-Massignon, Casablanca, Morocco
